Subject: FW: SW AK Salmon Science Wkshp - Final Agenda & Montgomery Talk
Attachments: Flyer David Montgomery.pdf; SW Salmon Science Workshop - Final Agenda.pdf

Attached is our agenda for the upcoming SW Alaska Salmon Science Symposium. Also attached is another announcement for David Montgomery's talk the evening before the Workshop at the UAA Recital Hall in the Fine Arts building. For those of you who don't know him, Montgomery is an excellent and entertaining speaker.

We have quite a few people registered so I am anticipating some good presentations and lively conversations. Our first day is dedicated to the discussion of copper and salmon, and the second day will be a series of presentations on salmon related projects in SW Alaska.

The workshop is scheduled for the Chart Room which is on the 15th floor of the Hilton. There is a possibility that the location will change to the Dillingham Room downstairs if it becomes available. Check the schedule in the lobby of the hotel.

See you soon.

Tim Troll, Coordinator
SW Alaska Salmon Habitat Partnership
